In addition to enjoying the sun, (barrier-free) beach and sea, we are planning several activities that you can partake in locally.

It is possible to book small buses on the island to get to know El Teide, visit the island, even for wheelchair users.

We have discovered a nightclub, where we all fit together which is wheelchair accessible, so that we can "rock out" in the evening.

Various interested participants have made suggestions or offered to pass on their knowledge to interested people:

- To offer Qigong
- To show the art of making chains (jewelery)
- Painting and photography courses

- A welcome and a farewell evening
- Singing in a chorus
- Not to mention activities that you might wish to plan for yourself

We are open for suggestions. However, it should definitely be discussed with us in advance so we can accept the tenders in the preparation for the program.
